

Hello,

It is July and we have finished celebrating our Nations Independence. It is now the time to start gearing up for our children to go back to school, either in August or September, depending on where you live. We are blessed to live in a country that has a multitude of schools, both public and private, where our children can attend.

Unfortunately for children in Haiti this is not the case and many children will not receive an education because their parents are unable to send them to school because they simply cannot afford it. Fortunately, in Bayonnais, I.C.D.M. has been able to help out and educate many of the children in the community because of their sponsorship program.

You are receiving this letter because you have sponsored a child in the past or you are currently sponsoring a child (or children). Thank you so very much for your generous support! I.C.D.M. is constantly trying to grow and give a quality Christian education to all Haitian children in the area. In order to accomplish this goal, changes are being made.

First I want to introduce myself, I am Sabrina Terrill and I am part of the Sponsorship Management Relations team. I will be the liaison here in the U.S. for the I.C.D.M. Sponsorship program. My goal is to assist in updating our database of sponsored children, to send out informative newsletters, to answer questions sponsors may have and to continually try to obtain new sponsors for this amazing program.

Here is a little history about me; I have known Pastor Yvan Pierre for more than 4 years and I have been on five trips already to Haiti, with another trip scheduled for this fall. My education is in child psychology and sociology. I have raised three terrific children and now I enjoy also spending time with my four grandchildren and am expectantly waiting for a new grandson later this year. My husband and I are currently sponsoring four children in Haiti. The joy that I see on the faces of the children attending school at I.C.D.M. is humbling. I am excited that I have become a part of this organization that is giving these children an education, plus hope, sustainability and self-worth all in an atmosphere where teachers are devoted to teaching in a nurturing Christ-centered environment.

Remember with changes there are always some issues that may arise and change does not happen overnight. Please be patient as new implementations are set into motion. Feel free to contact me with ideas, thoughts or concerns.

Thank you again for your support! If God has put it on your heart to help out He will guide you and provide. Pray and let God lead you.

Blessings,

Sabrina Terrill
